

INJOO KIM

Senior Product Manager — Creator Ecosystem & Platform Growth
Seoul, South Korea | ink595@g.harvard.edu | linkedin.com/in/jooooo | injookim.com

PROFESSIONAL SUMMARY

Product Manager with 13+ years of experience driving growth, monetization, and operational excellence across gaming, live-streaming, and e-commerce platforms. Led product strategy and creator operations for 5,000+ streamers at Korea's #1 live-streaming platform, delivering measurable impact: homepage CTR 2× improvement, creator engagement +170%, mission-driven revenue +30%, and subscription retention +15%. Built and scaled a solo e-commerce business from \$0 to \$100K/month with 99% operations automation. Combines deep platform PM expertise with hands-on technical capabilities (Python, SQL, data pipelines) and advanced business education (Harvard Data Science + UIUC MBA in progress).

PROFESSIONAL EXPERIENCE

Senior Product Manager | Nexon Korea

Dec 2025 – Present

Creators Partnership Team — Seoul, South Korea | Korea's largest game publisher (MapleStory, FIFA Online, etc.)

- Own end-to-end product strategy for creator partnership platform, including account/data integration with external streaming platforms, reward policy design, and membership tier architecture targeting June 2026 launch
- Design creator performance evaluation framework connecting IP contribution, conversion rates, and engagement data to inform partnership investment decisions at the executive level
- Define KPIs, build reporting structures, and coordinate cross-functional execution with engineering, legal, marketing, and external platform partners across multiple game titles

Product Manager – Creator Ecosystem Lead | SOOP (fka AfreecaTV)

Feb 2016 – Nov 2025

9 yrs 10 mos | Assistant Manager → Manager | Seoul, South Korea | Korea's #1 live-streaming platform, 5,000+ active creators

- **Homepage Personalization:** Redesigned recommendation algorithm using viewing history and engagement signals. Achieved **CTR 1.8% → 3.6% (2× improvement)**, mid-tier streamer concurrent viewers **10 → 40 (4×)**, and **35% new user acquisition uplift**. Drove ad/subscription conversion gains, strengthening platform revenue (Jul 2021 – Dec 2023)
- **Creator Retention & Growth:** Developed data-driven onboarding flows, targeted retention programs, and community management systems for 5,000+ creators. Boosted creator engagement by **170%**
- **Creator Analytics Dashboard:** Planned and launched self-diagnostic dashboard visualizing viewer trends, subscription patterns, and traffic sources. Achieved **60%+ voluntary adoption rate**; streamers who used it saw **18% avg channel growth**. Satisfaction survey: 7 out of 10 streamers rated it “practically helpful for strategy” (4.5/5) (Mar – Aug 2022)
- **KPI Automation System:** Built Google Apps Script + Slack automated reporting pipeline, eliminating weekly manual KPI reporting. Reduced error rate from **5% to <1%**, saved **30+ hrs/month (360 hrs/yr)**, and improved reporting speed from 24h to real-time. Freed 25% of team capacity for strategic analysis (Jul 2021 – Jul 2025)
- **Subscription Renewal & Monetization:** Redesigned subscription model from fixed-tier to customizable creator-driven structure with exclusive content, merchandise, and community features. Top-20% streamers saw **27% avg subscription revenue increase**; subscription retention improved by **15%**; 50%+ of new subscribers chose customized tiers. Expanded creator LTV and strengthened fandom (Jan 2024 – Jul 2025)
- **Gamified Mission & Donation System:** Designed funding-style challenge missions for game streamers (rank achievements, broadcast goals) that trigger viewer donations on completion. Achieved **30% avg BJ revenue increase**, **3× new video upload rate**, and **1.6× viewer dwell time**. Supported per-streamer difficulty/reward customization (Jan – Sep 2023)
- **Content Discovery (Hashtag System):** Overhauled hashtag taxonomy by assigning unique IDs, cleaning duplicates, and integrating auto-suggestion algorithm. Achieved **180% search CTR increase**, improved new content discoverability, and enhanced user satisfaction/return rates (Jan – May 2023)

- **Tournament Platform (BJ Match):** Redesigned creator tournament from invite-only to open-participation format with random matching and viewer voting. Applicants grew **40 → 130+ (3×)**; YouTube tournament content views increased **4×+**. Established competitive culture across platform community (Jan 2018 – Jul 2020)
- **Creator Selection System:** Replaced opaque manual review with automated, score-based evaluation using broadcast frequency, viewership, and report history. Application success rate improved **20% → 30%**; internal review time reduced by **40% (2 days → 1.2 days)**. Established transparent selection criteria (Aug – Oct 2016)
- **Achievement & Points System:** Designed gamified achievement and ranking system for fans and creators, increasing platform activity by **25%+**

Founder & Growth Lead | MMXXII (Solo E-commerce)Jan 2021 – Jan 2024

3 yrs | Remote | Built and scaled a solo e-commerce business from zero to profitability

- Scaled monthly revenue from **\$0 to \$100K** through end-to-end ownership of product sourcing, digital marketing, and fulfillment operations
- Built Python automation system reducing operational workload from **200+ hrs/month to <1 hour (99% automation rate)**, enabling solo operation at scale
- Achieved **32% conversion rate improvement** through systematic A/B testing (20+ creative variants), SEO strategy (**15+ top keyword rankings**), and audience segmentation-driven campaigns

Product Manager | Paranoid Joy (Popjoy)Feb 2015 – Feb 2016

1 yr 1 mo | Seoul, South Korea | Mobile game publishing & marketing

- **Thailand Market Launch:** Established dedicated Thai Facebook page with localized content strategy (Songkran tie-ins, culturally-adapted creatives). Achieved **200% reach improvement, 3× avg post engagement, 50%+ follower growth**, and community response time reduced from 24h to 6h
- **UA Campaign Optimization:** Ran A/B tests across 20+ creative variants on Facebook and Google ad networks. Reduced CPI by **20%**, improved CTR from 0.9% to **1.04% (+15%)**, and increased new user acquisition by **25%** at same budget. Optimized full funnel from click → install → first purchase
- **Retention Strategy:** Implemented comprehensive retention optimization; improved D7 retention from 22% to **38% (+73%)** through data-driven attribution and real-time campaign adjustments. ROAS improved by **2.3×**

Product Manager | Highbrow EntertainmentAug 2014 – Jan 2015

6 mos | Seoul, South Korea | Game publishing & event operations

- **G-Star 2014 Event Operations:** Planned and executed integrated B2B, B2C, and outdoor booth strategy for Korea's largest gaming expo. Achieved **150% of visitor target** through optimized booth flow design, hands-on demo experiences, and promotional event programming
- **Global Publishing Contracts:** Led publisher contract negotiations for Northern Europe and China markets, covering localization scope, revenue-share structure, and marketing support. Secured deals establishing global market entry foundation and Southeast Asia/Europe expansion pipeline

Product Manager | Ntreev SoftMar 2012 – Aug 2013

1 yr 6 mos | Seoul, South Korea | Online game publishing (PangYa, Trickster, etc.)

- **Localized Event Strategy:** Designed country-specific events (Songkran/Thailand, Halloween/US, etc.) with attendance rewards, mission clears, and time-limited boosts. Maintained **20%+ traffic above baseline (MCU)** during event periods; improved both new and returning user rates across Thailand, U.S., and Japan
- **Revenue Optimization:** Developed localized sales promotion strategies aligned with regional user spending patterns. Created limited bundles for high-spending users and entry packages for new users. Achieved **1.4× quarterly revenue growth** with ARPPU increase and improved re-purchase rates
- **Cross-Cultural QA & Publishing:** Led localization and quality assurance across 3 global markets (Thailand, U.S., Japan), maintaining **98% quality score** and executing 15 customized regional strategies
